PROFESSIONAL SUMMARY

I am a creative and motivated Software Engineering student seeking a Front-End Web Development internship to apply and further improve my skills in a real-world environment. I have a good grasp of HTML and CSS, and I am currently learning JavaScript. I am eager to collaborate with development teams, contribute to live projects, and grow as a professional front-end developer.

PROFESSIONAL EXPERIENCE

Internship: Ovex Technologies | 2-Month Internship

- Developed responsive web interfaces using HTML and CSS, focusing on layout structure and
- visual consistency across pages. Implemented interactive components using JavaScript,
- enhancing user experience and functionality. Collaborated with senior developers to.
- troubleshoot and optimize existing codebases. Gained foundational knowledge of Bootstrap for
- responsive design practices. Strengthened core front-end development skills and gained
- exposure to industry-standard workflows in a professional environment.

CAREER OBJECTIVE

To secure a Front-End Web Development internship where I can apply my HTML and CSS knowledge, continue learning JavaScript, and grow as a developer by working on real-world projects in a professional environment.
